TRANSCRIPTION SERVICES  
WITH GENESIS RCM  
FREE YOU TO STAY FOCUSED  
ON PATIENT CARE.

Our cloud-based (SaaS) transcription platform was developed in the market place for working hospitals and MTSOs and continually evolves with client feedback and requirements. Designed to integrate smoothly with your day-to-day operations, our transcription solution delivers the automation, reporting, features and control your practice needs to be competitive.

## SIMPLE FEATURES. POWERFUL IMPACTS.

- Documents formatted to YOUR design (including graphics and dates and times for tracking purposes)
- Available immediately upon transcription
- Electronic signature (reports can also be held for review prior to e-signing)
- Automated efaxing available
- iMobile Android/iPhone dictation application with patient scheduling integration
- EMR/EHR Interfacing with Standard HL7 or advanced discrete form level population

## PROVEN EXPERIENCE AND ACCOUNTABILITY

- ALL Medical Transcriptionists (MTs) are **US-Based** with English as a first language and maintain at least a 98.5% accuracy rate, based on AHDI standards.
- At minimum, monthly random QA checks are conducted on all MTs for assessment and ongoing coaching Genesis
- MTs pass stringent testing and must have at least 2 years of experience, including with ESL dictators Genesis guarantees our work and will correct our errors at our expense
- Needing to move current staff? *We can hire your existing MT staff, though they will be on a production-based pay system*

## TURNAROUND TIME IS KEY

At Genesis, we're on the clock the moment the dictation is available to us to the moment the report is transcribed and available to YOU.

We assign a dedicated team of transcriptionists managed through sophisticated work prioritization and pooling processes to support TAT compliance, staff up with demand and cycle down when needed.

**Accurate. Efficient. Transparent.**  
**Transcription done right.**
