Virtual & Walk-In Clinic Software

STANDARD FEATURES

- Patient Facing Scheduler
- Virtual Waiting Rooms
- Branding
- Session Recording
- API Integration
- Provider/Patient Queuing

Our Solution:

- Creates queues of providers
- Create and organize groups of providers and staff according to specialty, location and more
- Each group is customizable, setup assistant available
- Set up sessions quickly and easily, whether for internal meetings or curbside consults
- “Always-on” connection between departments
- One-click connection with hospital providers and staff using our “host-to-host” feature, or set a shared device for staff to request consults from your provider queues
- Offer services to organizations and the public
- Create custom URL for new and existing patients to request sessions, either scheduled or on-demand

Telemedicine Carts & Equipment

- Exclusive Telemedicine Carts have the ability to integrate over 41 attachments, including EKG, ultrasound, Telestroke, blood pressure, and PulseOX
- Analytics are pushed live through our virtual clinic with the ability to interface to any provider, on any device, anywhere in the world
- Our solutions are turnkey, fully customizable, and designed to fit your specific needs

Provider Networks

- We manage and provide access to the most complete array of medical professionals in the U.S. marketplace
- Our networks consist of licensed, trained, experienced medical professionals with a broad range of expertise covering all medical verticals in all 50 states and Puerto Rico
- Our provider networks will cover the needs of your organization, giving you the coverage and ability to expand your presence in the marketplace
- Our networks are available for 24/7/365 care for both business hours and after-hours care and crisis management
- We maintain and manage the largest behavioral health network in the U.S., with over 13,400 mental health providers and almost 1,400 psychiatrists covering all 50 states and Puerto Rico
- Services can be delivered virtually, telephonically, or on site

EXECUTIVE SUMMARY

Voice Products, Inc. started in June 1990 and has been selling and servicing healthcare products in the Midwest ever since. Voice Products is the largest distributor of Speech Recognition, Dictation/Transcription systems in the Midwest and we have more installations than any other reseller. We specialize in voice and video, speech recognition, computer assisted coding, telemedicine, revenue cycle management and wound care programs.

Voice Products is a Sub S Corporation based in Kansas and we're one of five sister corporations, one of which is an insurance company.

We pride ourselves on our customer service and have more service personnel than any reseller in the Midwest. Our phone is answered by a human operator 24 hours a day, 7 days a week and 90% of the time you can talk directly to an engineer when you call.

Voice Products has the highest rating with Dun & Bradstreet and has been debt free for over a decade. We also have seen over 10% growth per year throughout our 30 years in business. Today with assets in the millions of dollars and more than 5,000 Customers, Voice Products is positioned to lead its industry.

Voice Products, Inc. has more than 60 employees, and currently holds a General Services Administration (GSA) contract, Texas Class B License, a DIR (Texas Department of Information Resources) contract, and an HGAC (Houston-Galveston Area) contract. We are an endorsed partner with the Texas Organization of Rural & Community Hospitals (TORCH), as well as a vendor for some of the largest hospitals in the United States.

Voice Products, Inc. was recognized with the Wichita Business Journal *Best in Business Award* as one of the Top 15 Businesses in Kansas for the last twelve years: 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018 and 2019, competing with several international companies. Just recently, we have been recognized by INC Magazine as an INC 5000 Fastest Growing Companies in the U.S., for the second year in a row.

Voice Products, Inc. believes in being involved in the community and supporting charities that benefit our community by contributing both personal time and monetary donations. The organizations that we have donated to or been involved with are Muscular Dystrophy Association, Cystic Fibrosis, Child Advocacy Center of Sedgwick County, American Heart Association, Wichita YMCA Strong Kids, Via Christi Foundation, Hurricane IKE Relief, Euless, Texas Police Dept. Charity, Greensburg Hospital, Wichita Children's Home, Rice Community Healthcare Foundation, Olathe Charity Classic, Presbyterian Health Foundation, Integris SW Foundation, Oklahoma Hospital Research, Missouri Police Chiefs Charity Foundation, Friends of McConnell AFB and Wounded Warriors Project. Voice Products is proud to be the sponsor of the Kansas Chiefs of Police Valor Golf Tournament.
