The  
Working Clinic

Healthcare **at Work**

**The Working Clinic®** gives employers new tools to **control rising employee healthcare costs** while providing **convenient access** to high-quality **primary healthcare** through walk-ins or appointments.

- No up-front installation costs with simple, annual contracts
- Per-member, per-month pricing with unlimited visits
- No insurance paperwork or billing
- Doctor-lead primary care staffed by onsite paramedic
- Diagnosis, treatment, and prescriptions for 166 CPT codes (see Scope of Services)
- Nutrition, fitness, and health management programs and counseling
- Coordination of care and referrals to specialists
- Worker's comp & occupational health
- Early disease detection, treatment, and follow-up care
- Enrollment open to employees and family members aged 6 and up (optional)

Primary Care Doctor – Paramedic - Employee

*"This is a valuable service for the employees & the company. It's very hard to make time to leave for doctor appointments. The medical clinics are convenient, professional, fast and on-site. The medical staff takes very good care of each employee."*

*Eliminate up to 70% of offsite primary care office visits and reduce unnecessary urgent care and ER visits with The Working Clinic®.*

Ask for a copy of the Mustang Cat case study and see our video online!
